We strive to provide high-quality healthcare services to our clients and patients.

ABOUT US

ElySION company was founded in Dubai, Jumeirah Lakes Towers to provide various services in the healthcare industry. We prioritize our clients' health by using progressive technologies in medicine.

We serve as a local front-end representative for one of the largest healthcare providers, with a history dating back to the end of the previous century. After years of growth, the company now includes several medical facilities, pharmacies and medical specializations, making it one of the largest and most successful healthcare providers in the region.

CERTIFICATIONS

At ELYSION, we are dedicated to maintaining the highest level of quality in all that we do. These certifications reflect our ongoing commitment to providing outstanding service to our clients and partners.

We are excited to share that we have met strict standards established by the International Organization for Standardization (ISO) and have been awarded certifications in several important areas.

TRAVEL AGENT

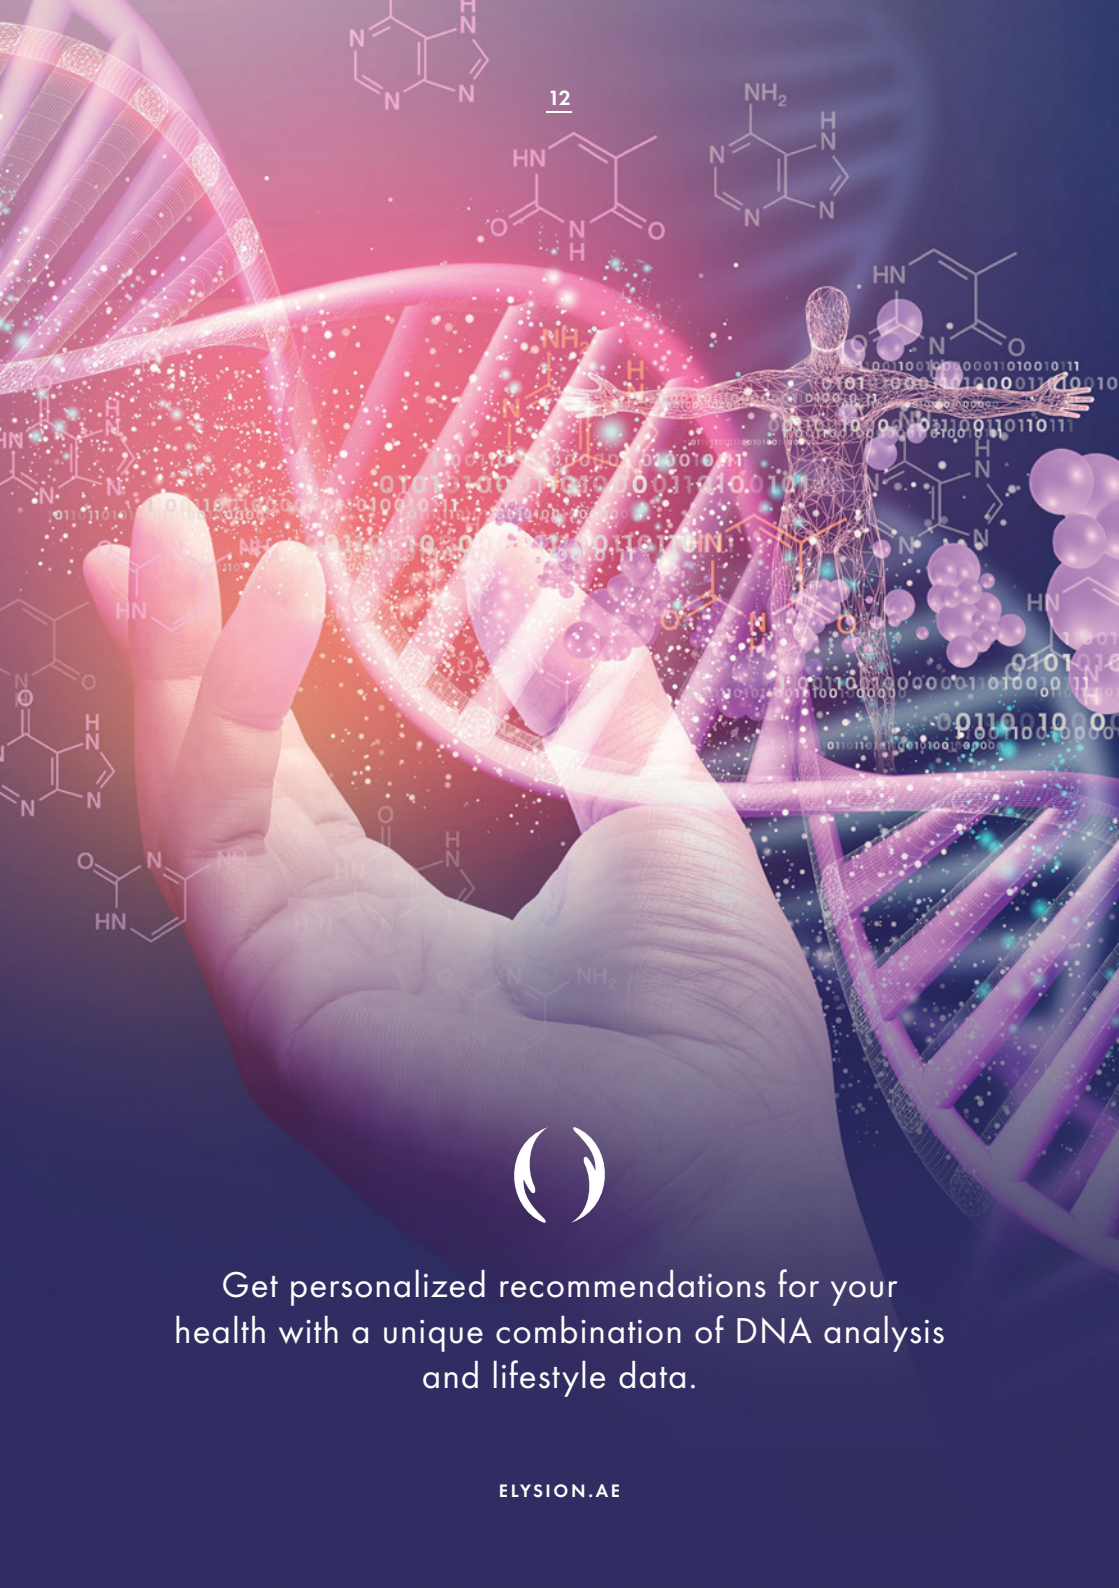

Leading consultancy in the healthcare sector for companies looking to penetrate the Middle East, particularly the United Arab Emirates.

CONSULTANCY

Healthcare consulting to organizations and corporate clients and navigate them through common challenges facing the industry. We build the bridge between the customer and the new market.

We will do a comprehensive market research of the location to see what the competition is, what the requirements are to open a medical clinic or even to start a hospital or a clinic. We can advise you on opening a bank account for corporate and private purposes, marketing activities or recruitment of medical and non-medical staff.

Get personalized recommendations for your health with a unique combination of DNA analysis and lifestyle data.

DNA TESTING

Understand your genes with DNA test and discover your predispositions, disease risks, metabolism and ideal diet from the comfort of your home.

Your DNA carries valuable information that reveals what diseases your body is susceptible to or what drugs it can't tolerate. In addition, DNA can tell you what sports you're suited to or what foods to eliminate from your diet. The DNA test is painless, it is taken from saliva and you can take it yourself from the comfort of your home. The results will be delivered to you through a mobile app.

We are a trusted and respected partner for your studies based in Dubai.

EDUCATION

Gain a European Higher Education Institution accredited Masters's degree by studying 100% online, at your own pace, without disrupting work or family life. Our online programs offer a variety of highly sought-after specialities, including an MBA in the healthcare and pharmacy industry.

We make sure that your online learning experience is as comfortable and hassle-free as possible. The study is designed to follow key knowledge, competencies and abilities development. Cooperation with praxis is highly supported. Graduates are equipped with competencies and abilities which meet the requirements of the modern labour market.

All-in-one exhibition management that go beyond ordinary.

EXHIBITION STANDS

With our expertise in event organization, we handle all aspects of planning, logistics, and execution, allowing you to focus on what matters most: engaging with key stakeholders and achieving your business objectives.

We understand that each company has unique goals and requirements when it comes to event participation. That's why we offer tailored solutions designed to align with your specific objectives. Whether you seek to enhance brand visibility, generate leads, or foster meaningful connections, our dedicated team works closely with you to develop a customized strategy that maximizes your success.

Supplier of a full line of new, refurbished and used hospital equipment, medical furniture and accessories.

HOSPITAL DEVICES

With over a decade of experience, we have successfully supplied a full range of new, refurbished, and used hospital equipment, medical furniture, and accessories. Our comprehensive services cover all stages, from dismantling and arranging transportation to installing the equipment at the new location.

Elyson provides all kinds of services regarding consulting, site planning and medical equipment recycling. Our efforts are centered on supporting an environmentally friendly approach and contributing to medical care in developing countries. We achieve this by recycling the medical equipment that is deinstalled in Western and Central Europe.

Premium medical care for international clients with absolute privacy and affordability.

MEDICAL TOURISM

Our medical tourism programme is tailored to offer high-quality medical treatment to clients who have limited access to healthcare in their home country, seek affordable and speedy care, or simply like to travel the world.

Besides providing premium health care in renowned hospitals, we ensure comprehensive service to our clients from start to finish. Our clients have a personal coordinator who is available 24/7 to help them with travel arrangements, visa processing, transfers, accommodation, and interpretation throughout their treatment.
