We strive to provide high-quality healthcare services to our clients and patients.

ABOUT US

ElySION company was founded in Dubai, Jumeirah Lakes Towers to provide various services in the healthcare industry. We prioritize our clients' health by using progressive technologies in medicine.

We serve as a local front-end representative for one of the largest healthcare providers, with a history dating back to the end of the previous century. After years of growth, the company now includes several medical facilities, pharmacies and medical specializations, making it one of the largest and most successful healthcare providers in the region.

Quality is our top priority.

CERTIFICATIONS

At ELYSION, we are dedicated to maintaining the highest level of quality in all that we do. These certifications reflect our ongoing commitment to providing outstanding service to our clients and partners.

We are excited to share that we have met strict standards established by the International Organization for Standardization (ISO) and have been awarded certifications in several important areas.

MSc.

DSc. program is accredited by the American Association of Higher Education Accreditation (AAHEA).

DSc.

The Doctor of Science (DSc.) program in Economics and Management prepares graduates to become effective top managers in various sectors of the economy.

The program emphasizes practical skills in management and control, economics, marketing, project management, and strategic management. Graduates gain knowledge and practical abilities in these areas, making them well-equipped for effective leadership and management in their careers.

LL.M. programs are accredited by the American Association of Higher Education Accreditation (AAHEA).

LL.M.

Unlock your business potential with our one-year Master of Laws (LL.M.) program. With a focus on practical learning, you will gain the skills and knowledge you need to succeed in the fast-paced world of corporate and business laws.

The LL.M. program provides students with practical knowledge and skills in various areas of law, including corporate and business law. Our unique thesis requirement ensures that students are able to apply their learning to a real-world challenge and defend their ideas with confidence.

LL.D. program is accredited by the American Association of Higher Education Accreditation (AAHEA).

LL.D.

The Doctor of Laws (LL.D.) is an advanced international managerial degree earned through foreign accreditation. The specialization Corporate and Business Laws is beneficial for individuals who are in managerial positions or have demanding schedules.

With a focus on practical learning, you'll gain the skills and knowledge you need to succeed in the fast-paced world of corporate and business laws. Our unique thesis requirement ensures that you'll be able to apply your learning to a real-world challenge and defend your ideas with confidence.

Ed.D. program is accredited by the American Association of Higher Education Accreditation (AAHEA).

Ed.D.

An Ed.D. degree is a doctoral degree in education focused on educational leadership. The specialization Education Management is beneficial for individuals who are in managerial positions or have demanding schedules.

Graduates from this field are well-prepared with the knowledge and skills necessary for effective management roles in a variety of educational settings, such as schools, language institutes, and other educational organizations. Students are trained to work with professional and data sources, draw their own conclusions, and utilize insights from case studies.
